This letter is in response to your letter of May 27, 1982.

The Sporlan Valve Company manufactures refrigeration and air conditioning controls. We are not a disposal facility for hazardous wastes.

At this time we do not store any hazardous waste for a period of 90 days.

We contemplate the installation of waste treatment equipment based upon the requirements of the City of Washington. When the waste treatment equipment is in place we will notify you of our intended operation and storage facility for hazardous wastes.
